

Gliding

Chorus: B / B / G#m / G#m / C#m / F#7 / B / B

Verse: C / Am / C / G# / G#m / E / D

Chorus:

Gliding

no doubt about it

we're just gliding

our feet don't touch the ground

'cause we're just gliding

into the night

Verse 1:

When we're gliding side by side

there's less and less to say

while we're looking through the clouds and know

that we won't cry and we won't die for sure today

Verse 2:

You made my heart dancing

to the rhythm of your heels

now we're gliding through our lives

and touch the ground

from time to time to check the way it feels
