

Tomorrow

Am/Bm (E bass)

Bridge: Am Em/Dm Fmaj7/Am G/Dm Em ... G7/G7

So many days that you're away now  
So many nights on my own  
but now I can see land ahead  
blue will fade when the sun turns red

Tomorrow when you'll be back by my side  
we will tap-dance through the night  
,till the break of day

Tomorrow we'll be dancing cheek to cheek  
high up on lover's peak  
,till the break of day

So many nights without dreams  
no vacancy at hotel moon  
but now I can see land ahead  
blue will fade when the sun turns red

Tomorrow when you'll be back by my side  
we will tap-dance through the night  
,till the break of day

Tomorrow we'll be dancing cheek to cheek  
high up on lover's peak  
,till the break of day  
till the break of day
